## Our Services

In Detail

### Boarding - DayCare

Boarding \$130-160 / 24 hours (Puppy Boarding > Board & Train)

DayCare \$100 / 8 hours (Puppy Day Care > DayCare & Train)

Boarding / Day Care is a service only offered to our regular clients who have established a relationship with us. Dogs who are boarded or in day care at Buddy receive exceptional social interactions, exercise, and mental stimulation. If character age and health allows they participate in our two hour long exercise/play groups in the morning and additional walks during the afternoon. They share our life as if they would be our dogs and receive the loving attention needed to feel safe and secure. We don't use crates, kennels or confinements, only for safety issues if needed. A new addition of a standard health care check for all dogs who stay at Buddy has further improved our quality of care. The number of boarding dogs is limited to two dogs.

Pick up/drop off is not included.

We offer up to three morning exercise groups every weekday and weekends. We take your pup on a 2 hour long adventure on remote trails and according to the dog pack and season we are either hiking, running, mountain biking or skiing. The groups are closely supervised and we focus on reinforcing good manners and trail etiquette. We usually pick up between 8-9am in the morning and drop off between 11am-12pm, noon group pick up between 12-1pm and drop off 3-4pm. Our service area is 7 miles from our Buddy base in Prosser, 10494 Iris Rd. Depending on the distance we increase the fee as followed: \$51 / 7-9miles, \$56 / 9-11miles, \$61 / 11-15miles, \$66 / 15-17miles.

Other factors that we use to categories the fee and driving efforts are:
