Are you interested in nail clipping after exercise?\_\_Yes  No

Does your dog have any previous injuries that we should be aware off. \_\_\_\_\_

Anything else we need to know? \_\_\_\_\_

**Outings**

2 hours of leash-free exercise and play out on the trails. With a focus on trail etiquette and good manners, our team members may be hiking, biking, running, or skiing with your dog depending on the weather. Your dog’s pack will have 3-5 dogs with similar play styles so they can learn and thrive together.

Dog Pack Outings are \$46-\$66 depending on your location. Drop-off/pick-up is always included. Pick-up is generally from 8-9am and drop-off is 12-1pm. You receive text message the afternoon (latest 3pm) before pick-up day with details. You receive text/photo before we drop off too.

The first step to join any group starts with an assessment of your dog. The assessment for DPO is billed at \$90/hour and focuses on an evaluation of your dog’s recall, play style, and the social skills. With this info, Lilith can select the right setting and group for your dog. It takes approximately 1-1.5 hours.

**TRAINING GROUP**

**(Training & Exercise)**

In this group, your dog will participate in a 2-hour recall or socialization - training adventure. Lilith will focus on the recall / play style behavior off each dog and the group is limited to 4 dogs. For \$91/outing, the handler will receive feedback on how to consistently practice the recall and how to improve the play style and social behaviors. You receive a protocol with custom exercises to integrate at home.

Pick up and drop off is included and so is advice whenever you need it.

To join training groups Lilith first conducts an assessment to evaluate your dog’s recall and play style. With this info, she’ll invest in creating a plan and selecting the best group for your dog ensuring that they’ll learn with 3-5 other dogs that have similar and complementary play styles.

Assessments are billed with \$120/hour.
